

"CAUGHT DOING GOOD"

Califon will be continuing its "*Caught Doing Good Program*" this year. Every student has designed a Caught Doing Good card, which are copied and handed out to staff members. When a staff member "catches" a student doing something good, students are given one of the cards to be turned in to the main office. In the office, the students are able to choose a prize in exchange for their card. At the end of every month, two students from each grade are chosen randomly from the box of Caught Doing Good cards turned in during that month. Those students are honored as our *Students of the Month*.

The more cards a student earns in month, the better are his/her chances of being drawn as the student of the month. After the students of the month are chosen, the cards are hung in the hallway for all to see for the remainder of the year. Last year we were able to fill both sides of the 7th and 8th grade hallway and part of the art/music room hallway!

Good luck to all of the Califon students.

Keep up the Great Acts of Kindness and Shine Like a STAR!
