

Kindergarten Readiness Checklist

While there's no perfect formula that determines when children are truly ready for kindergarten, you can use this checklist to see how well your child is doing in acquiring the skills found on most kindergarten checklists.

Check the skills your child has mastered. Then recheck every month to see what additional skills your child can accomplish easily.

Young children change so fast -- if they can't do something this week, they may be able to do it a few weeks later.

- Listen to stories without interrupting

If your child has acquired most of the skills on this checklist and will be at least four years old at the start of the summer before he or she starts kindergarten, he or she is probably ready for kindergarten. What teachers want to see on the first day of school are children who are healthy, mature, capable, and eager to learn.
